**ABSTACT:**
An important milestone of the PhD journey is the thesis proposal, which normally takes place before the end of the first year of the PhD. Each candidate presents his/her thesis proposal for a panel evaluation, and will receive valuable feedback from which he/she may continue to develop a thesis project

ICFOnians are invited to attend the thesis proposal of Claudio Iacovelli, showing support fo his candidature, and learning more about the research that is being conducted by colleague at our institute.
