
THESIS PROPOSAL: Ultrafast dynamics of isomerization imaged by a strong-field laser

JIE MENG

July 20, 2023

10:45

Blue Lecture Room

ABSTRACT:

An important milestone of the PhD journey is the thesis proposal, which normally takes place before the end of the first year of the PhD. Each candidate presents his/her thesis proposal for a panel evaluation, and will receive valuable feedback from which he/she may continue to develop a thesis project.

ICFOians are invited to attend the thesis proposal of XXXX, showing support for their candidature, and learning more about the research that is being conducted by colleagues at our institute.
