
EVENT: ICAP 2024 London - ICFOnians gathering

July 15, 2024

19:30

Kensington, London

The ICFO Alumni Network aims to create spaces and events to share between ICFOnians. We want our community to continue to network both socially and professionally even after their careers have taken them away from the institute.

In addition to internal events such as the annual Beyond ICFO Career event, conferences are a great opportunity to meet with fellow ICFOnians and share time together. The ICFO Alumni Network has organized several gatherings for the past years in international conferences worldwide.

Join us for the ICFOnians gathering in London for all ICFO Community attending the ICAP 2024 Conference and living in London. To facilitate the planning and communication of the logistics of this get-together, please confirm back to us at contact@alumni.icfo.eu by Friday, 28th June, if you are planning to join.

If you are an ICFOnian attending the conference, come and join us!

ICFOnians live, work and travel to all corners of the globe, and notably attend conferences for experts in the field. The Alumni Network is actively reaching out to all Alumni to ensure that all are aware of these opportunities to stay in touch. If you are an alum and you are not receiving information about the Network and its activities, please contact us at contact@alumni.icfo.eu.

Hosted by ICFO Alumni Network
