

THESIS PROPOSAL: Diffuse optical monitoring of brain and peripheral skeletal muscles.

JACQUELINE MARTINEZ

July 24, 2024

14:00 to 15:00

Yellow Lecture Room

An important milestone of the PhD journey is the thesis proposal, which normally takes place before the end of the first year of the PhD. Each candidate presents his/her thesis proposal for a panel evaluation, and will receive valuable feedback from which he/she may continue to develop a thesis project.

ICFOians are invited to attend the thesis proposal of Jacqueline, showing support for her candidature, and learning more about the research that is being conducted by colleagues at our institute.

Hosted by: Prof. Dr. Turgut Durduran & Academic Affairs
