

CQA Flagship Event: Talent, education and collaboration across the Catalan ecosystem

November 20, 2026
ICFO Auditorium

The **Catalonia Quantum Academy** invites researchers interested in quantum education to its first edition of the annual Flagship Event, a one-day gathering to bring the community together, share ideas and shape the future of quantum education in Catalonia.

This event is free of charge and reserved for members of CQA institutions.

What to expect:

Talks by CQA partner institutions on the quantum education initiatives they have led
Working sessions to exchange ideas and explore ways forward together

Time to network with colleagues from across the region

Audience: Researchers interested in quantum education
