

Coffee with an ICFO Alumn

JON DONNER

March 30, 2022
10:00
ICFO Cafe de la Llum - Sofas area

Come and meet ICFO PhD graduate Jon Donner over coffee! Jon, former CEO an Co-founder of Nanofabrica, has spoken with ICFOnians before about his growing business After the aquisition of his start-up by Nano Dimension, Jon became GM of the Fabrica Grou at Nano Dimension. Now you can meet him informally in person to ask questions and talk t him about his experience as an entrepreneur, moving from academia to industry, an launching a start-up and growing it to an exit..

Bio:
Jon earned his PhD in Nano Optics in the group led by ICREA Professor at ICFO Dr Romain Quidant, following a double degree from TAU (Tel-Aviv University) in physics and electrical engineering. He then moved to ICFO's KTT unit, leading a spin-off of an elector optical device. Back in Israel, in 2016 Jon Founded Nanofabrica and acted as its CEO. On April 27, Nano Dimension Ltd (Nasdaq: NNDM), an industry leading Additively Manufactured

Electronics (AME)/PE (3D-Printed Electronics) provider, announced that it had signed and closed a definitive agreement to acquire Nanofabrica.
