

New ICFOnians

Sixteen ICFOnians joined the different ICFO research groups, units and facilities during the month of June

July 03, 2023

In the years since ICFO's founding in 2002, the institute has continuously evolved to tackle a wide range of exciting challenges. This has been possible thanks to the contributions of a diverse group of women and men who have come onboard to add their unique skills to ICFO's new and ongoing projects.

In June, many new ICFOnians joined the institute or took a new position.
