ICFO Secures Top Position in Research Ranking

ICFO secured the very top position in a regional quality ranking.

February 01, 2009

In spite of its youth, ICFO secured the top position in a scientific quality ranking according to a study commissioned by the regional funding agency AGAUR. The study analyzed several items, including the number of publications and their quality. The data measuring journal publications contributed to the top topical journals in each particular area enabled ICFO to win the first position of the ranking.
