

Nous ICFOians

Trenta-cinc ICFOians s'han unit als diferents grups de recerca, unitats i instal·lacions de l'ICFO durant els mesos d'agost setembre

October 09, 2024

En els anys des de la fundació de l'ICFO el 2002, l'institut ha evolucionat continuament per abordar una ampla gamma de reptes apassionants. Això ha estat possible gràcies a les contribucions d'un grup divers de dones i homes que han pujat a bord per afegir les seves habilitats úniques als nous i actuals projectes de l'ICFO.

A l'agost i setembre, trenta-cinc ICFOians es van incorporar o van prendre una nova posició a l'institut. Estem desitjant formar equip amb vosaltres.

Heba Abdelmaksoud joined the Functional Optoelectronic Nanomaterials group led by ICREA professor at ICFO Dr. Gerasimos Konstantatos as a Visiting Scientist

Belen Albela joined the Functional Optoelectronic Nanomaterials group led by ICREA professor at ICFO Dr. Gerasimos Konstantatos as a Visiting Professor.

Inaki Baretini joined the KTT led by Dr. Silvia Carrasco as a Quantum Technologies Business

Developer

Luca Bolzonello is now a Staff Researcher in the Molecular Nanophotonics group led by ICREA professor at ICFO Dr. Niek van Hulst

Guillermo Brinatti is now a Research Fellow in the Molecular Nanophotonics group led by ICREA professor at ICFO Dr. Niek van Hulst.

Julia Cajas Granja is now working with the management unit to offer project management support. (not pictured)

Tengyu Chen joined the CO₂ Mitigation Accelerated by Photons group led by Prof. Dr. F. Pelayo Garcia de Arquer as a PhD student

Yaotong Chen has joined the Macroscopic Quantum Optics Theory group led by ICREA professor and director of ICFO, Dr. Oriol Romero-Isart as a Postdoctoral researcher.

Katharina Chirvi joined the Attoscience and Ultrafast Optics group led by ICREA professor at ICFO Dr. Jens Biegert as a Research Fellow.

Marina Cunqueiro, who recently defended her thesis in the SLN group led by Dr. Pablo Loza-Alvarez, will carry out further research as a postdoctoral researcher.

Timon Dambock joined the Atomic Quantum Optics group led by ICREA professor at ICFO Dr. Morgan Mitchell as a student. (not pictured)

Albert de Miguel joined the KTT unit as a student. (not pictured)

Martin Fernandez joined the Neurophotonics and Mechanical Systems Biology group led by Prof. Dr. Michael Krieg as a PhD student.

Claudio Fierri joined the Quantum Information Theory group led by ICREA Professor at ICFO Dr. Antonio Acín as a student

Jorge Fuenzalida joined the Optoelectronics research group led by ICREA professor at ICFO Dr. Valerio Pruneri as a Postdoctoral researcher

Manuel Gundin joined the Quantum Photonics with Solids and Atoms group led by ICREA professor at ICFO Dr. Hugues de Riedmatten as a Postdoctoral researcher

Ediz Herkert, who recently defended his thesis in the Single Molecule Biophotonics group, has recently started a position as a postdoctoral researcher in the Molecular Nanophotonics group led by ICREA professor at ICFO Dr. Niek van Hulst.

David Kernan joined the CO₂ Mitigation Accelerated by Photons group led by Prof. Dr. F. Pelayo Garcia de Arquer as a Project Engineer

Ekaterina Khestanova changed roles in the Quantum Nano-Optoelectronics group led by ICREA professor at ICFO Prof. Frank Koppens and is now a Research Fellow

Debranj Mandal has changed roles in the Optoelectronic Nanomaterials group led by ICREA professor at ICFO Dr. Gerasimos Konstantatos and is now a Research Fellow.

Charlie Ray Mann has taken on the role of Research Fellow in the Theoretical Quantum-Nano Photonics group led by ICREA professor at ICFO Dr. Darrick Chang.

Alejandro Martin has joined the STM on 2D quantum materials group led by Prof. Dr. Carme Rubio-Verdu as a PhD student

Marta Martos joined the Optoelectronic Nanomaterials group led by ICREA professor at ICFO Dr. Gerasimos Konstantatos as a PhD student.

Teri Odom has joined the Nanophotonics Theory group led by ICREA professor at ICFO dr. Javier Garcia de Abajo as a Visiting Scientist.

Lucheng Pen has take on the role of Research Fellow in the Optoelectronic Nanomaterials group led by ICREA professor at ICFO Dr. Gerasimos Konstantatos.

Tamar Pereg-Barnea has joined the Quantum Optics Theory group led by ICREA professor at ICFO Dr. Maciej Lewenstein as a Visiting Scientist.

Emilio Perez has joined the Molecular Nanophotonics group led by ICREA professor at ICF Dr. Niek van Hulst ads a PhD student. (not picture

Paula Pertegaz joined the Photon Harvesting in Plants and Biomolecules group led by Prof Dr. Nicoletta Liguori as a student

Claudia Roman joined the Photon Harvesting in Plants and Biomolecules group led by Prof Dr. Nicoletta Liguori as a student

Ana Sanchez-Ferron joined the Photon Harvesting in Plants and Biomolecules group led by Prof. Dr. Nicoletta Liguori as a student.

Zoi Sargianni joined the Atomic Quantum Optics group led by ICREA professor at ICFO Dr. Morgan Mitchell as a student.

Mariia Shevchenko joined the Optoelectronic Nanomaterials group led by ICREA professor a ICFO Dr. Gerasimos Konstantatos as a PhD student.

Bertran Soria joined the Atomic Quantum Optics group led by ICREA professor at ICFO Dr Morgan Mitchell as a PhD student

Ariane Stucki joined the CO2 Mitigation Accelerated by Photons group led by Prof. Dr. F Pelayo Garcia de Arquer as a Project Engineer

Kaiqi Zhao joined the CO2 Mitigation Accelerated by Photons group led by Prof. Dr. F. Pelay Garcia de Arquer as a Postdoctoral researcher
