

## American Physics Society Fellow

Adrian Bachtold elected Fellow of APS

October 04, 2017

---

ICFO Prof. Adrian Bachtold, leader of the Quantum NanoMechanics research group has recently been elected a Fellow of the American Physical Society (APS).

The criterion for election is exceptional contributions to the physics enterprise; e.g., outstanding physics research, important applications of physics, leadership in or service to physics, or significant contributions to physics education. Fellowship is a distinct honor signifying recognition by one's professional peers.

Congratulations Adrian!
