New ICFOrians

Nine ICFOrians joined the different ICFO research groups, units and facilities during the month of December. Welcome aboard!

January 12, 2022

Two Postdoctoral researchers, one Research fellow, four PhD students, one student and one Health and Safety Coordinator.

Vindhiya Prakash, recently defended her PhD at ICFO within the Atomic Quantum Optics research group led by ICREA Prof Dr Morgan Mitchell, and will continue her research within the group as a Postdoctoral researcher.

Marlin Baral received her PhD in Physics from the Centre for Nano and Soft Matter Sciences in India. She joins ICFO as a Postdoctoral Researcher in Nonlinear Optical Phenomen research group led by Prof Dr Lluís Torner. She will work on experimental tasks i demonstrating BICs in liquid crystals.

Allan Johnson, holds a PhD in Physics from Imperial College London, United Kingdom. He joins Quantum Optics Theory research group led by ICREA Prof Dr Maciej Lewenstein as a Research Fellow.

Eloy Pinol Jimenez, holds a Msc in Photonics from UPC, UAB, UB and ICFO. He joins ICFO as a PhD student in the Quantum Optics Theory research group led by ICREA Prof Maciej Lewenstein. He will focus his research on ion applications of ML methods to classical and quantum single trajectories.

Davide Rizzotti, who holds a MSc in Physics from the University of Trento, Italy, joins ICFO as a PhD student in the Optoelectronics research group led ICREA Prof Dr Valerio Pruneri.

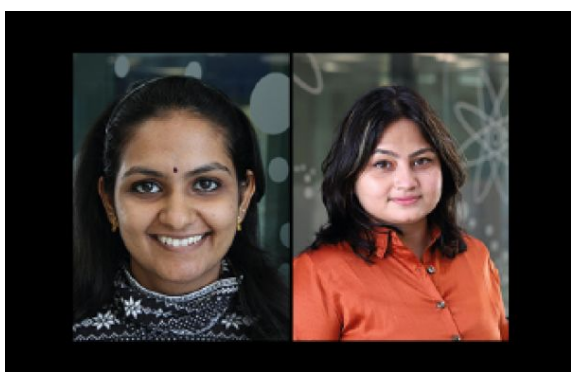

Aparna Das, who holds a MsC in Physics from the IISER Thiruvananthapuram, in India, joins ICFO as a PhD student in the CO₂ Mitigation Accelerated by Photons research group led by Prof Dr F Pelayo Garcia de Arquer.

Christian Knapp, holds a MSc in Molecular Biology from University of Vienna, in Austria. He joins the Single Molecule Biophotonics research group led by ICREA Prof Dr Maria

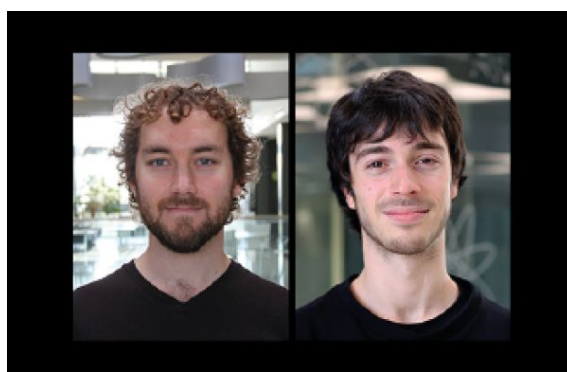

Garcia-Parajo as a PhD student.

Priyanuj Bordoloi, who is pursuing a double Bachelor of Science in Physics and Mathematics at the Universitat Autònoma de Barcelona, joins ICFO as a student in the Quantum Information Theory research group led by ICREA Prof Dr Antonio Acín.

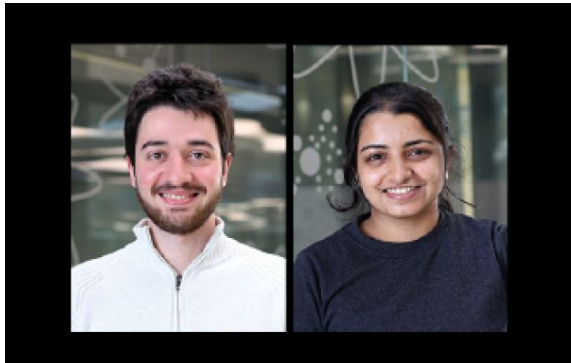

Noemi Munoz Solsona, has joined the Human Resources and Education unit at ICFO as the Health and Safety Coordinator, to manage ICFO's prevention and safety service.
