Marie Sk?odowska-Curie Actions

Five ICFO Postdoctoral researchers receive MSCA fellowships in most recent call

December 01, 2023

Part of Horizon Europe, the Marie Sk?odowska-Curie Actions (MSCA) are the European Union's flagship funding program for doctoral education and postdoctoral training of researchers. Through a highly competitive application process, the program supports excellent research and innovation collaborations, knowledge transfer, methodologies and content, and offers training, supervision and career guidance.
In the most recent call for Postdoctoral Fellowships, **five ICFOnians** were selected for fundin from a total of 7,044 applicants. ICFO's success rate in this call was**29.4%,** well above the 17.5% global rate.

Congratulations to Drs Markus Teller and Felicien Appas (both from the Quantum Photonics with Solids and Atoms group), Nishigandha Patil (Medical Optics group), Julien Barrier (Quantum Nano-Optoelectronics group), Stefan Forstner (Quantum Nanoelectronics and NanoMechanics group) for their successful applications.
