

New ICFOnians

Twenty-four ICFOnians joined the different ICFO research groups, units and facilities or changed positions during the month of February

March 12, 2025

In the years since ICFO's founding in 2002, the institute has continuously evolved to tackle a wide range of exciting challenges. This has been possible thanks to the contributions of a diverse group of women and men who have come onboard to add their unique skills to ICFO's new and ongoing projects.

In February, twenty-four new ICFOnians joined the institute or took a new position.

We are looking forward to teaming up with you.
