Photonics21 Innovation Award

Former ICFOnian Olga Malinkiewics receives award from the Industrial European Technology Platform Photonics21.

April 01, 2014

Former ICFOnian, Olga Malinkiewicz, received the Photonics 21 Student Innovation award for her work on thin film photovoltaic devices that was part of her PhD thesis work at the University of Valencia, ICMOL. The award ceremony took place at the evening reception of the Photonics21 Annual Meeting 2014.

This award is presented annually to a student under 35 years of age who has made a significant contribution in photonics especially related to R&D with industrial impact.

Congratulations Olga!!

Olga Malinkiewics and Neelie Kroes
